

Your Partners in Superior Healthcare

PATIENT-CENTERED. PHYSICIAN-DRIVEN.

Healthcare solutions for elderly, home-bound patients.

Not just a doctor. A team.

WHO ARE WE?

A mobile team of physicians, nurse practitioners, nurses and support staff who specialize in treating medically complex elderly patients in their own homes. We coordinate services needed, minimize unnecessary hospitalizations and follow our clients through transitions and end-of-life care. Our electronic systems allow efficiency and improved communication between providers, patients and families.

WHAT SERVICES DO WE PROVIDE?

- + **House Calls:** *Medical care that comes to you. Private residences, Assisted Living, Retirement homes and Senior Living centers.*
- + **Rehabilitation:** *We'll follow you in the skilled nursing centers to help you return to your home as quickly as possible.*
- + **Transitional Care:** *Weekly, short-term, in-home visits after discharge from the hospital for those patients who are temporarily home bound.*
- + **Long-Term Care:** *If you need a higher level of care, PPS will continue to see you.*
- + **Geropsychiatric Services:** *For diagnosis, medication management and counseling.*
- + **Palliative Care:** *We help you make those difficult transitions to end-of-life care and coordinate hospice care when needed.*

WHICH INSURANCE PLANS DO WE ACCEPT?

Medicare and many other insurances. There is NO additional fee for House Calls.
